### Organic production of vegetables and fruit. How to reach consumers better?

By Ieva Stragytė - Andriukevičienė

Our family farms have 231,45 ha of land.

- 33,65 ha of vegetables: >30 kinds. Potatoes, turnips, carrots, cabbages, lettuces, various spice plants, etc.
- 1,5 ha of fruits and berries: apples, pears, plums, cherries, blueberries, raspberries, etc.
- The remaining land for cereals.
